ASP.Net • ADO.Net

EXPERIENCE

ASSOCIATE SOFTWARE ENGINEER

Infinite Computer Solutions, Vizag
Feb 2023 - Present

- Infinite Talent Acquisition Suite is an integrated suite of recruitment solutions augmented by proven consumer marketing tools and practices to help build proactive pools of best-fit talent, market to and nurture candidates, deliver an exceptional candidate experience and increase productivity in new hires.
- Working on .Net framework MVC along with SQL Server and AngularJS.

PROJECTS

HOSTEL MANAGEMENT SYSTEM

Duration: 1 month
Description:

- Hostel management system provides a portal for hostel management for students and hostel admin.
- HMS plays a key role in minimizing manual work and errors in booking and managing hostel rooms.
- I worked in backend part of the project where I used SpringBoot framework to build controller & Hibernate to interact with MySQL database.

Technology used: Java | HTML | CSS | Javascript | MySQL

Link: Hostel Management System (courageous-mousse be3d87.netlify.app)

TECH BLOG - CODENLEARN.ONLINE

Duration: 1 month
Description:

- codeNlearn.online is a website which posts web development technology related blogs.
- Blogs helps to learn new technologies & resolving erros in web development.
- I used ReactJs framework to build the UI & ExpressJs Route to build the API & NodeJs to interact with MongoDB database.

Technology used: HTML | CSS | Javascript | MongoDB

STUDY NOTES - CCEESTUDY.ONLINE

Duration: 2 weeks
Description:

- cceestudy.online provides study material related to PG-DAC course to help student in their study who is pursuing that course.
- There wasn't any site to get study material of DAC. So, I decided make a website so all can get notes at one point.
- It visited almost 10000 times by students & getting good feedbacks also.
- I used HTML, CSS, bootstrap & jQuery to make this website.

Technology used: HTML | CSS | Javascript | jQuery
